Observations courtesy of [National Ocean Service](https://www.noaa.gov/).

NOTE: Please refer to [Coastal Flood Advisories and Warnings](#) for official water level forecasts during periods of coastal flooding. During tropical cyclones, please refer [here](#) for additional storm surge information. **During a Tropical Storm or Hurricane Watch or Warning, inundation mapping provided by the [National Hurricane Center](#) reflects a reasonable worst case scenario. The experimental forecast above is the total water forecast that is expected to occur.**

Forecasts for the Chesapeake and Delaware Canal at Chesapeake City (IN MLLW) are issued routinely year-round.
