Observations courtesy of [NOAA National Ocean Service](https://www.noaa.gov/) .

NOTE: Please refer to our [Coastal Hazard Message](#) for specific information regarding Coastal Flood Watches, Warnings and Advisories. During tropical cyclones, please refer [here](#) for additional storm surge information.

NOTE: Flood impacts are based on long-term averages. Actual impacts from any tidal flooding event may vary due to factors such as rainfall, wave action, and the number of tide cycles during which there is an onshore flow.

Forecasts are not available for the Delaware Bay at Cape May (IN MLLW). Only observed stages are available for this point.
