Observations courtesy of [US Geological Survey](https://www.usgs.gov/) .

**NOTE:** Water levels are referenced to the Mean Higher High Water (MHHW) Datum. This datum can be used to approximate sea water inundation of normally dry ground near the coast. For specific impacts, please refer to the statements on this page.

**NOTE:** Gauge reading affected by tides.

Forecasts for the Aucilla River near Nutall Rise (in MHHW) are issued routinely year-round.
