Observations courtesy of US Geological Survey .

NOTE: Please refer to our Coastal Hazard Message for specific information regarding Coastal Flood Watches, Warnings and Advisories. During tropical cyclones, please refer here for additional storm surge information.

NOTE: Flood impacts are based on long-term averages. Actual impacts from any tidal flooding event may vary due to factors such as rainfall, wave action, and the number of tide cycles during which there is an onshore flow.

Forecasts are not available for the Inside Thorofare at Atlantic City (IN MLLW). Only observed stages are available for this point.
