Observations courtesy of [CA Dept. of Water Resources](http://cdec.water.ca.gov/staInfo.html).

NOTE: Stage may be affected by ice during winter months.

NOTE: Reported historic crests have been estimated using recent ratings due to previous channel, location and/or datum changes. CADWR observed crests can be found at: <http://cdec.water.ca.gov/staInfo.html>

Please also see Additional Information tab at the bottom of this page.

Forecasts for the Susan River at Susanville are issued routinely year-round.
